Waiver Programs

If you find yourself seeking help for a loved one, friend or neighbor this might be a program that can help them

Creative Potential prides our self on supporting families getting back to a place where they can enjoy daily life.

Sometimes it's more than you can manage

Everyday someone comes to realize they or someone they know needs a higher need of help than they themselves can provide. Our parents get older, our disabled child has aged out a program or someone we know is struggling to make it through the day to do basic life task.

Why a waiver program?

- Medication reminders
- Attending medical appointments with client
- Supporting grocery shopping
- Access to meal programs
- Access to Case manager support
- Supporting member to get to appointments

Why the above is important

Nursing home admissions are not cheap, some families do not have the funds to support nursing homes. The member may be more comfortable staying in their home and maintaining their independence

“Your company is the greatest. I can't imagine anyone living without you all.”
—J. Robinson
